CONSULTING AND TRAINING SERVICES

Quality System Implementation

eMRI can provide the full range of services necessary to implement or upgrade your quality system. Services offered include gap assessment, training, implementation consultation, documentation facilitation and auditing.

- ISO 9001:2000
- ISO/TS 16949
- Six Sigma
- Malcolm Baldrige

Continuous Improvement Consulting

eMRI consultants regularly assist clients in the resolution of real-world quality and productivity problems. Our personnel have a proven track record of improving both manufacturing and services processes, yielding bottom line profits through improvements in quality and productivity.

Supplier Problem Resolution

Supply chain quality problems are a significant cost to an organization. eMRI can assist your organization in reducing the cost of supplier quality problems and improving management of supplier quality. Services offered include:

- Supplier quality management
- Supplier quality assessment
- Supplier quality improvement
- Supplier quality development

Corporate Universities

The key to staying ahead of the competition is a skilled workforce. eMRI works with companies to provide the skills needed to compete. eMRI provides turnkey solutions in the form of corporate quality universities. Services offered include:

- Curriculum materials and instructors
- Curriculum administration
- Communication tool creation (e.g., catalogs, website)
- Facilities management

Company-Specific Continuous Improvement Training

eMRI trainers can provide your employees with the tools they need to drive improvements in quality and productivity. Core seminar areas include:
